

Self Catering Wooden Lodges
for the hunting and outdoor enthusiast

Black Eagle Ridge

Situated in the Steynsburg district, North Eastern Cape . The Lodge was built by the farmer, his wife and staff. Old ram sheds constructed with Oregon Pine were used as the main frames for the rooms.

The lodge is built on a huge rock base on top of the mountain. A flush loo on the edge of a krantz has a view to kill for. The sunken corner bath overlooks beautiful mountain slopes. There is an outside shower for the more adventurous.

Two 4 bed log cabins make up the sleeping area. The kitchen / dining room / lounge can be opened up to become part of the natural surroundings.

The camp is built in a U-shape facing the sunset with the braai area in the center.

A bakkie or 4x4 vehicle will be needed to access the lodge.

Linen, cutlery and crockery are provided

Activities: Just Chill

Other Activities includes:
